But during the war a land of ruins was found. It's the land between 2 empires! In this unfamiliar land, the evil lurked in the shadows and the ignorance prevailed. But... New characters are sent to take care of things and to liberate the land of ruins. They are not experienced and strong, but they are strong-willed and hopeful. ????Guest: -The base game: -Lets play videos:

Features Key:

- Create your Own Character Create an epic character by mixing and matching armor and weapons, and customizing their appearance!
 - An Epic Myth Based on The Great Tree, which is a myth about the Land Between.
- Vast World A vast world where open fields with a variety of situations and huge dungeons with complex and three-dimensional designs are seamlessly connected.
- Nine Divisions In the world of Elden Ring, there are 9 different Empires which have been divided into 9 unique lands: Ugende, La Garruka, Elanaf, Taas, Tiralune, Alustria, Xie, Altaira, Tamrador.
- Create Your Unique Faction You can join with the legendary faction of the Great Tree as an ally or walk alongside them as one of the Great Tree's children.
- Fifth Legion Having been betrayed by the Great Tree, the Fifth Legion was sent away to another world.

Unique Faction and Zodiac Regardless of whether you are fighting as an ally of the Tree or on the course of the Fifth Legion, each character has their own story, and many distinct characteristics. Unique Skills Each skills has its own strategy and you can only use that particular skill during the corresponding situation. Combined with armor and weapons, customized characters with unique skills are born.

2 Types of Combat Fight against enemies using the normal rhythm-based battle system. Fight using special skills that are used in combination with equipment.

Dual Online Play Enjoy the online aspect of the game with the ability to switch back and forth between online and offline play.

Elden Ring With Key

Gods Game Play: * The world is much bigger than I expected. * A very high amount of background music and sound effects. * In the various dungeons, you can experience a variety of different and intense battles. * It's easy to get lost in the space that you've been led to. Gods Combat: * While I do prefer the B button for items, one thing that I found disappointing is that I only have access to one item at a time. * Despite being rather difficult, it's easy to get a feel for the layout of the different enemies, and to plan out attack patterns. * Some weapon combinations are extremely powerful. Gods Difficulty: * It's incredibly easy to die in the beginning because there are many more enemies that are attacking you than there are items you can equip. * Fortunately, you can tell when an enemy is about to attack because they make a beeping noise. Gods Aesthetics: * The graphics are very beautiful. * It seems as though the 3D graphics are created based on some 3D animation. * Some enemies make what looks like extremely realistic sounds during their attacks, which is a nice touch. Gods Environment: * There is a variety of enemies and areas you can explore. * Sometimes they are much bigger than you'd expect, and contain things that would allow you to explore to new depths. * The interaction between different enemy types seems to be really interesting, since they seem to cooperate with one another. Gods Fun: * During the endgame, a new enemy type is introduced that has a very high amount of HP. * The bosses always seem to be a very intense battle. * The difficulty can be really tough, but the reward is great. The game was developed by Grasshopper Manufacture, and was published by Sony Pictures on July 17, 2017 for the PlayStation 4. _stride_dt = 1:1 % bff6bb2d33
