Derrick Stevens at T.B.D. (2015) I have always been a fan of Derrick Stevens. I have seen him dance on TV and online since he was on America's Most Talented Kids and I have seen his popularity grow from there. I feel like he is a great dancer with a unique style and his transformations are something to behold. I have watched countless videos of him and it is easy to see why he is one of the most popular dancers on

the internet. His style makes it easy to see why he has won so many competitions. He has that best dancer in the world type of energy to his performances. He has a very controlled confident feeling to his movements, whether he is doing flamenco, ballroom or contemporary. It is like he could be dancing a game of Quidditch while he is dancing. He is also very versatile and can do just about anything you can imagine. Derrick Stevens at T.B.D. (2015) I am no stranger to thinking that I can dance like anyone and now I know it is true. With him being my first inspiration for dancing, I am ecstatic at watching his videos as his style has caught on with others. He is an inspiration to everyone who has the passion to dance and he is a dynamic and very entertaining dancer. I hope to one day see him on the World Championships or at least the US Championships. That would be amazing. I hope that I can

Device'. .PC-10 has a lot of the same attractive
features as the LE-10, but without the bells and whistles. I
went with the LE-10 though because it seems like it will do
all I need to do and well. According to Pricegrabber these
would be my top picks: PC-10 LE-10 TEC-3 RA-5 RISE i-0
300 3.0 TRi The specs of the PC-10 are
