There are a few options available for connecting to your server. This article looks at the most popular methods, but there are others. Once connected to your server, you can begin creating your game.

GhostXUltimatePrivateServer Go to File or New Game. Select Ghost Games.

GhostXUltimatePrivateServer Then click on Create Project. GhostXUltimatePrivateServer When you do this, the online authorization popup will appear. Select the site and input your login information.

Next, click authorize Ghost Games. GhostXUltimatePrivateServer You will not be able to play the game until your account has been authorized. As soon as you authorize the site, you will be good to go. GhostXUltimatePrivateServer Your game is now ready for you to play. Click Play on the main screen. GhostXUltimatePrivateServer On the bottom right hand side of the screen, there is a button to go to the menu. Click it to access the game menu. GhostXUltimatePrivateServer Here you will have options to save your progress or shut down. You can also go back to the main map by clicking the map button in the top right hand corner. GhostXUltimatePrivateServer This way, you can easily switch from map to map without losing where you are in the game. You can also pause your game by clicking the play button on the top left hand corner. GhostXUltimatePrivateServer Click the pause button to pause the game. GhostXUltimatePrivateServer It looks like your server is offline, so you may not be able to play your game. Since your map is not online, you can click the map button on the top right hand corner. GhostXUltimatePrivateServer This will take you to your main map. You can use the map button on the top left hand corner to navigate from map to map.

GhostXUltimatePrivateServer Your game is now ready to play. Click Play to play.
GhostXUltimatePrivateServer Gameplay is similar to most turn-based RPG games. In this game, you have a wide selection of items. GhostXUltimatePrivateServer You can check out this page on our website here. GhostXUltimatePrivateServer You can use the game menu to get to your inventory, weapons, and items. GhostXUltimatePrivateServer You can see the
