===== Recently, the marketplaces for E-commerce of Google, eBay, and Amazon have released their own Intermediated E-Comm (IEC) systems. Such services are promoted as the solutions of choice for many brands, and for some large and growing segments of consumers as well. These are the marketplaces that have been struggling with the uncoordinated growth and unprecedented scale of marketplaces. However, growing around 60 % each year, these marketplaces are now almost as large as many national economies. The IEC systems were developed to coordinate the activities on these marketplaces in order to improve the efficiency of the 6d1f23a050
